HPE Databases

Objectives

These learning paths provide the route to administrative competence in NonStop SQL/MP and SQL/MX databases. Recommended prerequisite training or equivalent skills and experience are key to benefitting from these technical, interactive courses. Click on the course icon to register.

SQL/MP

For anyone interested in HPE NonStop SQL/MP or anyone responsible for managing a database or developing embedded SQL programs.

U4147S 

Concepts and Facilities for HPE NonStop Systems

4 days 40 credits

U4181S 

HPE NonStop SQL/MP Essentials

4 days 40 credits

U4180S 

HPE NonStop SQL/MP Database Management

5 days 50 credits

U4183S 

HPE NonStop SQL/MP Query Design for Performance

4 days 40 credits

SQL/MX

For anyone requiring an introduction to SQL and working with NonStop SQL/MX who wants to understand key relational database concepts and terminology.

U4147S 

Concepts and Facilities for HPE NonStop Systems

4 days 40 credits

U4184S 

HPE NonStop SQL/MX Basics

5 days 50 credits

U8617S 

HPE NonStop SQL/MX Database Management

5 days 50 credits

U8529S 

HPE NonStop SQL/MX Query Analysis and Tuning

5 days 50 credits

Learning path

Note

Purchase using HPE Education Learning Credits for HPC (U5466S#4NK).

10 units of U5466S#4NK = 1 day of training per student.

Key

———— Required course

..... Optional course

 Virtual instructor-led training (VILT)
