

HPE NonStop Operation Management

Objectives

These learning paths provide the route to administrative competence in various NonStop server architectures. Recommended prerequisite training or equivalent skills and experience are key to benefitting from these technical, interactive courses. Click on the course icon to register.

NonStop Platform

For system operators, administrators, and analysts who want to administer a NonStop system, including start up, configuration, and shut down.

U4147S

Concepts and Facilities for HPE NonStop Systems

4 days

40 credits

H1SC3S

HPE NonStop Server Administration I

5 days

50 credits

H1SC4S

HPE NonStop Server Administration II

5 days

50 credits

H1SC5S

HPE NonStop Server Administration III

5 days

50 credits

NB-Series

For system operators, administrators, and analysts who want to understand the NonStop NB-series server hardware and software architecture,

U4147S

Concepts and Facilities for HPE NonStop Systems

4 days

40 credits

HG776S

HPE NonStop NB-Series Server Administration I

5 days

50 credits

HG777S

HPE NonStop NB-Series Server Administration II

5 days

50 credits

HG767S

HPE NonStop NB-Series Server Operations Management Differences

3 days

30 credits

L-Series

For system operators, administrators, and analysts who want to administer a HPE Integrity NonStop X BladeSystem, including start, monitor, and shut down.

U4147S

Concepts and Facilities for HPE NonStop Systems

4 days

40 credits

H6C39S

HPE Integrity NonStop X Server Administration I

5 days

50 credits

H6C40S

HPE Integrity NonStop X Server Administration II

5 days

50 credits

Open System Services

For NonStop system administrators who want to become familiar with Open System Services (OSS) architecture, interfaces and procedures.

U4188S

Open System Services (OSS) Operations Management

5 days

50 credits

Note

Purchase using HPE Education Learning Credits for HPC (U5466S#4NK).

10 units of U5466S#4NK = 1 day of training per student.
