vSphere with Kubernetes

HQ6R2S

VMware vSphere with Tanzu: Deploy and Manage [V7]

3 days

3 credits

Fast Track courses are extremely fast-paced, extended hours, bootcamp style classes targeted towards:

- experienced administrators with some working VMware administration experience
- or students who attended prior VMware versions and now need to refresh their skills for latest version
- or students taking the Fast-Track version of course to meet their VMware Certification requirements

Fast Track courses are not recommended for students who are new to VMware vSphere.

Notes:

1. HQ6R1S (5 days) covers content from two courses (HM9P6S and HM9P7S).
2. H9TG6S (5 days) covers content from two courses (HM9P7S and HM9P9S).
