

# HPE Education Learning Credits for Storage Services (H33XYA1/H33XYE)

## HPE Education

With HPE Education Learning Credits for Storage Services, purchasing and managing training is easier than ever. Be sure to include HPE Education Learning Credits with your HPE order.

### HPE Education Learning Credits for Storage Services H33XYA1 (Flexible) or H33XYE (Fixed)

#### Benefits

- **Flexible**—Utilize as needed for any training from HPE Education training catalog.
- **Practical**—Allocate budget by pre-purchasing HPE Education Learning Credits while funding is available. There is no need to identify student names, dates, or even locations to purchase Learning Credits; determine these at the moment of need.
- **Convenient**—Minimize the time and effort spent on purchasing and managing training. A single purchasing transaction sets up your HPE Education Learning Credits. Once your Learning Credits are in place, students simply enroll for classes as needed—no additional funding, purchase orders or approvals are required.

#### Features

- HPE Education Learning Credits are valid for 12 months from the date of activation unless aligned to the term of an HPE GreenLake agreement.
- HPE sends a welcome letter with each purchase—so you will know exactly how to select courses, enroll in classes, and redeem your HPE Education Learning Credits.
- HPE Education Learning Credits may be universally redeemed for any training offered by HPE Education Services in the US or Canada, including open enrollment classes at HPE Education Centers, live, virtual, instructor-led classes delivered via VILT, dedicated private classes, self-paced eLearning courses, or HPE Digital Learner subscriptions.
- HPE Education Learning Credit units are priced at \$100 USD/\$120 CAD. The typical cost for one student to attend one day of open enrollment training is 10 HPE Education Learning Credits. Some exceptions apply.

With HPE Education Learning Credits, 10 unit credits are needed for 1 day of training for 1 student in most of our open enrollment training courses. Some exceptions apply.

#### Need to train a team of 8 or more?

If you need to train 8 or more people for a given course, a dedicated delivery may be more cost effective. Contact your HPE Sales Representative or Authorized HPE Reseller for a custom quote.
