Why HPE Education Services?

- IDC MarketScape leader 5 years running for IT education and training*

- Recognized by IDC for leading with global coverage, unmatched technical expertise, and targeted education consulting services*

- Key partnerships with industry leaders OpenStack®, VMware®, Linux®, Microsoft®, ITIL, PMI, CSA, and SUSE

- Complete continuum of training delivery options—self-paced eLearning, custom education consulting, traditional classroom, video on-demand instruction, live virtual instructor-led with hands-on lab, dedicated onsite training

- Simplified purchase option with HPE Training Credits

*Realize Technology Value with Training, IDC Infographic 2037, Sponsored by HPE, October 2017

Don't know where to start or what is important when it comes to initial skills and knowledge on HPE Synergy? HPE Right Start Knowledge Bundles are designed to deliver essential skills and knowledge at the right point in time—so that you can quickly and effectively get up to speed on your new technology. HPE Right Start Knowledge Bundles are easy to consume with a comprehensive combination of modalities that fit into the work schedule. Each bundle includes five days (or less) of ILT/vILT training, plus access to additional self-paced training for a full 12 months. The self-paced training can be used as often as you like for reference and refresher learning.

These bundles can be purchased using HPE Technology Training Credits or HPE Support Contract Training Credits. Each bundle includes a recommended set of training, but you can choose to spend the Training Credits on any training offered by HPE Education Services.

Audience

Since every business is becoming a digital business facing increased IT complexity (new data sources, new business models, new threats), the HPE Right Start Knowledge Bundles are for *all* enterprises.

This HPE Right Start Knowledge Bundle is most suitable for the following job roles:

- System administrators, engineers and consultants

- New HPE Synergy customers

- HPE ProLiant and HPE BladeSystem customers

HPE Right Start Knowledge Bundle objectives

With the HPE Synergy bundle, you will be able to:

- Quickly and effectively gain essential skills and knowledge to support your new technology

- Accommodate your work schedule with a comprehensive combination of modalities

- Introduce Composable Infrastructure domains (basic concepts) and HPE Synergy

- Explain the concept of Composable Infrastructure, its technologies, components and benefits

HPE Right Start Knowledge Bundle outline

H0LN3S: HPE Synergy Administration	• This course provides instructions on HPE Synergy configuration, administration, management, troubleshooting and maintenance. This hands-on course will cover day-today administration skills for HPE Synergy Composer, HPE Image Streamer, storage module, compute module, frame management, fabric connectivity, multi-frame domains, and server profile management. Students will also learn about HPE Global Dashboard features. For more details, see course datasheet.
HG0Q7AAE: HPE Digital Learner	• HPE Digital Learner Composable Content Pack offers a course that provides information and skills related to HPE Synergy solution implementation, configuration, administration and management. Starting with an overview of the infrastructure, compute, storage and fabric options will help those specifying a Composable solution. From here, the curriculum provides a baseline understanding for system administrators setting up and configuring the infrastructure before introducing the HPE OneView appliance. The later courses in the content pack provide the skills to manage the solution through common tasks. For more details, see course datasheet.

These bundles can be purchased with 5 of HF385A1 Technology Training Credits or with 40 of HA167AC Support Contract Attach Training Credits (Option B). Each bundle offers a recommended set of training but the customer can choose to spend the training credits on any training from HPE Education Services.
