

HPE GREENLAKE CORE TRAINING

OBJECTIVES

Regardless of workload, all HPE GreenLake customers are strongly encouraged to take the following four courses prior to workload-specific training. Our recommended learning path includes HPE GreenLake training, as well as ITIL® and security courses, to set the stage for more advanced workload services training. Click on the course icon to register.

GET ALL CORE TRAINING WITH HPE DIGITAL LEARNER – SILVER

An [HPE Digital Learner – Silver](#) subscription provides a cost-effective option for your HPE GreenLake training. There you will find the core training, extensive HPE technology and industry training libraries in a service priced **15% less than the individual purchase of HPE GreenLake core courses.**

In addition to HPE GreenLake training, HPE Digital Learner – Silver offers anytime, anywhere access to HPE technology, industry IT, business skills training, and more.
