Hewlett Packard Enterprise

HPE COMWARE CONFIGURATION AND IMPLEMENTATION

OBJECTIVES

This learning path provides the route to leverage HPE Comware technology to learn how these technologies are implemented in the switch platform and to practice configuring these features, monitoring their functionality, and designing solutions based on provided criteria. Click on the course icon to register.
Choose between either path to learn HPE Comware Configuration and Implementation. Managing HPE Comware is a combination of HPE Comware courses HQ7C2S and H61M9S.

| HPE Comware Configuration and Implementation |
|---|
| HQ7C2S |
| **HPE Comware Configuration and Implementation Fundamentals** |
| 3 days   30 credits |

H61M9S
HPE Comware Configuring Core Networking Technologies
2 days   20 credits

HPE Comware Configuration and Implementation
H61N7S
Managing HPE Comware
5 days   50 credits

See next page for a list of recommended courses to take after completing this learning path.

Expand your HPE Comware knowledge with one or more of these additional options

After you've completed the HPE Comware Configuration and Implementation learning path training, continue your learning journey with one or more of these related courses. Each provide more in-depth knowledge on technologies that work with HPE Comware and can be taken in any order.

HQ7C1S

HPE Intelligent Management Center – Managing and Monitoring your Network

3 days 30 credits

For customers who are looking for an opportunity to understand and practice configuration of Intelligent Management Center to Manage and Monitor your network.

HQ7C4S

HPE Comware VXLAN Ethernet VPN

1 day 10 credits

For customers who are looking for an opportunity to understand and practice configuration of VXLAN and Ethernet VPN data center protocols on HPE Comware devices.

HQ7C3S
HPE Comware Data Center

3 days 30 credits

For customers who are looking for an opportunity to understand and practice configuration of many different data center protocols on HPE Comware devices.
